WORK EXPERIENCES

Software Developer Intern | Internship

May 2026 - Jul 2026

Indium Tech

Remote

- Built a production grade **Retrieval-Augmented Generation (RAG)** pipeline combining hybrid retrieval (BM25 + semantic search via **Qdrant**) with cross-encoder reranking (ms-marco-MiniLM-L-6-v2), improving answer success rate from **65% to the mid-80s%** on an internal evaluation benchmark.
- Engineered a multi-source document ingestion pipeline supporting PDF, Markdown, and GitHub sources including hybrid OCR text extraction (PyMuPDF + EasyOCR) for diagrams/screenshots with semantic chunking and embedding generation, syncing vector and metadata storage across **Qdrant** and **PostgreSQL**.
- Designed and built a **Django REST Framework** backend exposing **REST APIs** for document management, cited answer generation, search logging, and feedback collection, hardened with rate limiting.
- Built a **React** analytics dashboard surfacing search trends, document coverage gaps, and feedback metrics.

Technologies / Skills Used : Django, PostgreSQL, Qdrant, Python, React

Open Source Contributor | Internship

May 2025 - Sep 2025

Google Summer of Code 2025, CloudCV

Remote

- Enhanced EvalAI's leaderboard UX by implementing global search, advanced filters, and slug-based navigation, fixing dropdown issues and optimizing API queries to improve performance and usability.
- Expanded platform functionality by developing customizable analytics downloads and improved reliability with **40+** Django tests raising backend coverage from **51%** to **93.67%**.
- Enhanced error reporting and edge case handling to provide clearer feedback and faster debugging.

Technologies / Skills Used : Django, Python

PROJECTS

Applauz - Rewards and Recognition Platform | 🐙 Github

May 2026 - Jul 2026

Individual Project

- Designed and built a full-stack employee recognition platform (**React, Express, PostgreSQL, Prisma**) with manager-approval workflows, a budget-capped points economy, and role-based access control (Employee/Manager/Admin).
- Implemented an atomic, reversible points ledger using database transactions, preventing double-awards or lost points across recognition approvals, redemptions, and refunds.
- Built a rewards catalog and redemption system with accurate balance tracking and admin-configurable budgets.
- Engineered an AI coaching feature providing targeted writing feedback and core value suggestions while preserving authentic user content.

Technologies / Tools Used : React, Express, Node.js, PostgreSQL, JWT, REST API

CommunityCollab - Collaboration Platform | 🐙 Github 🌐 Website

May 2026 - Jul 2026

Individual Project

- Built CommunityCollab, a full-stack platform for resource sharing, carpooling, skill exchange, and community collaboration, with **JWT authentication**, role-based access control, and **25+** RESTful APIs.
- Developed a responsive frontend and backend featuring a trust score system, and Razorpay-powered group buying.
- Integrated **Socket.IO** for real-time messaging and notifications, along with file uploads and email notifications to enhance user engagement.

Technologies / Tools Used : React, Node.js, Express, MongoDB, Socket.io

SKILLS

Programming Languages :	C++, Python, JavaScript, SQL
Frameworks & Libraries :	React.js, Node.js, Express.js, Django
Databases :	MongoDB, PostgreSQL
AI/GenAI :	Retrieval-Augmented Generation (RAG), Qdrant, LLMs
Tools & Platforms :	Git, GitHub, Postman, CI/CD
Soft Skills :	Problem Solving, Communication, Leadership

EDUCATIONS

Pandit Deendayal Energy University Gandhinagar, Gujarat <i>B.Tech. - Computer Engineering</i>	Aug 2023 - May 2027 CGPA : 8.31 / 10
DivyaJyot School, Ahmedabad Ahmedabad, Gujarat <i>12th</i>	Jan 2022 - May 2023 CGPA : 76.80 / 100
Delhi Public School,Bopal, Ahmedabad Ahmedabad, Gujarat <i>10th</i>	Jan 2019 - May 2021 CGPA : 96.33 / 100

AWARDS & ACHIEVEMENTS

- Google Summer of Code 2025, CloudCV

CERTIFICATIONS

SQL (Basic)

POSITIONS OF RESPONSIBILITY

Public Relations Core

Anirveda Techno-Economics Club

- Led external communications, media outreach, and stakeholder engagement to strengthen the club’s brand visibility and industry presence.
- Coordinated public relations and promotional activities for **13+** large-scale events, ensuring effective participant outreach and cross-functional collaboration.
- Played a key role in organizing **Breach Hackathon 2025**, contributing to the successful execution of a **1,500+** participant flagship event through strategic promotion, partnerships, and communication.
- Collaborated with multiple departments to deliver consistent messaging and drive engagement, contributing to over **2,100** student participants across club initiatives.
- Developed expertise in public relations, brand management, professional communication, strategic outreach, stakeholder management, relationship building, and leadership.

PERSONAL DETAILS

- **Current Address:** Ongc Colony Bandra West, Opposite Lilavati Hospital, Bandra West, Mumbai, Maharashtra, India - 400050
- **Known Languages:** English, Hindi
